

Not only do we make the supplements! We make the supplements BETTER.

EDTA 1000 MG

227 Grams

EDTA (ethylenediaminetetraacetic acid) is an amino acid, 5% of which, when taken through the mouth, is absorbed into the blood in the duodenum, where it binds (chelates), neutralizes and outputs heavy metal ions (lead, cadmium, arsenic, aluminum) and other elements through the kidneys and urine. This procedure is called oral chelation therapy. When the concentration of toxic metals in the blood drops, a strong concentration gradient occurs between the blood and the intercellular fluid, so that the metals begin to flow into the blood. This contributes to the release of ions from the cells into the intercellular fluid, and then into the blood. Thus, the brain, heart, liver, kidneys and other organs are purified from toxic metals. At the same time, sick tissues and organs are also cleaned from excess essential elements - zinc, chromium, copper, iron, calcium, manganese, which in increased concentration contribute to oxidative, inflammatory and degenerative processes.

May help with:

- Cardiovascular diseases (angina pectoris, atherosclerosis, cardiac arrhythmia, stroke hypertension, varicose veins, thrombophlebitis, impaired blood circulation in the limbs).
- Elevated levels of cholesterol, triglycerides, glucose, homocysteine, C-reactive protein, blood curability.
- Heavy metal poisoning, cleansing the body of xenobiotics.
- Diabetes, diabetic neuropathy and retinopathy, leg ulcers.
- Chronic fatigue syndrome, fibromyalgia.
- Headaches, insomnia, memory impairment, attention disorder, irritability, depression, reduced operability.
- Age-related intellectual impairment
- Autoimmune diseases (rheumatoid arthritis, scleroderma).
- Diseases of the nervous system (Parkinson's and Alzheimer's diseases, multiple sclerosis, senile dementia).
- Chronic inflammatory diseases (bursitis, osteoarthritis, bronchitis, etc.).
- Cataract, glaucoma, macula degeneration (macular spot).
- Psoriasis.
- Allergy.
- Impotent prostate.
- Anti-aging therapy.
- Frequent colds and SARS.

Suggested Use

As a dietary supplement, take 1/4 teaspoon three times daily with meals, or as directed by a healthcare professional.

KEEP OUT OF REACH OF CHILDREN

WARNING: If you are pregnant, nursing, taking any medications or planning any medical procedure, consult your doctor before use. Discontinue use and consult a doctor if any adverse reactions occur.
